DONATIONS BEING MADE TO THE AID SOCIETY HOME.

Every Grade of the Pendleton Schools Is Contributing to the Thanksgiving Spread of the Orphans and Walfs in the Portland Home-Railroads Carry All Donations Free of Charge-The Society Is Dependent Upon the Public for Support,

Thanksgiving will not be a meaningless holiday in the Boys and Girls Aid Society Home at Portland. From all over Oregon tomorrow

the railroads will carry free of charge the gifts of a generous people to the orphans and waifs in that institution

Pendieton public schools are col-lecting a large amount of supplies to he shipped tomorrow afternoon to the society. Every grade is contributing to the Thanksgiving fund for the helpless orphans, and tomorrow afternoon Professor E. B. Conklin and Janitor T. M. Lowe will box and ship these contributions from the schools which promises now to reach to several thousand pounds.

sional pittance wrung from the state legislature. It is designed as a home for orphans who are too small for the asylums, and not of a character to be sent to the reform schools, and last year the attendance averaged over 30 for every day in the year. It is a worthy institution, Mayor George H. Williams, of Portland, be-

ing president and many leading citiof Portland being among the

active members and supporters.
Formerly most of the voluntary
contributions came from the western Oregon counties, but this year the O. R. & N. has given free transportation and every eastern Oregon county will contribute.

## TO RETAIN EXHIBITS.

Counties May Retain Ownership in and Clark Fair.

In July, the Lewis and Clark fair commissioners passed a resolution authorizing the superintendent of exhibits of the fair, to purchase from the counties any part or all of their exhibits, reimbursing the counties in this way for the expense of collecting and preparing the exhibits for dis-

Play.
This was intended to encourage ecunties to collect suitable exhibits, and be reimbursed for the expense by selling them to the fair at a rea-sonable price, the limit for any one

exhibit being \$500.

Now in order to give the counties the right to reserve any part of their exhibit, the fair commission has passed a supplementary resolution, giving the various counties the privilege of retaining any part of their exhibit, that might be of special value or in-terest to the county. The following letter to Judge Bean explains the resolution:

Hon. Henry J. Bean. County Judge Umatilla County. Pendleton, Or:

My Dear Sir:-The following reso lution was adopted at our last meeting, held November 19, 1904:

Resolved. That in the purchase of county exhibits, under resolution of July, any county may reserve the right of ownership in any special product, providing no voucher for the expense of gathering such special ex-hibit in which the county may desire to retain ownership, be allowed by

This resolution, taken in conjunction with the resolution of July, heretofore sent you, will explain the method by which counties or indi-viduals may retain ownership of val-uable exhibits.

Yours very truly, EDMOND C. GILTNER.

## ONE OF DR. CUPID'S PRESCRIPTIONS.

That Love sometimes cures disease is a fact that has recently been called to the attention of the public by a prominent physician and college professor. In some nervous diseases of women, such as hysteria, this physician gives instances where women were put in a pleasant frame of mind, were made happy by falling in love, and in consequence were cured of their nervous troubles—the weak, nervous system toned and stimulated by little Dr. Cupid—became strong and vigorous, almost without their knowledge. Many a woman is nervous and irritable, feels dragged down and wors out, for no reason that she can think of. She may be ever so much in love, but Dr. Cupid fails to cure her. In ninety-nine per cent, of these cases it is the womanly organism which requires attention; the weak hack, disay spells and black circles about the eyes, are only symptoms. Go to the source of the trouble and correct the irregularities, the drains on the womanly system and the other symptoms disappear. So sure of it is the World's Dispensary Medical Association, proprietors of Dr. Pierce's Favorite Prescription, that they offer a \$500 reward for women who cannot be cured of leucor-rhea, fermale weakness, prolapsus, or falling of the womb. All they ask is a fair and reasonable trial of their means of cure. Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath, they cleanse and regulate the stomach, liver and howels and produce permanent benefit and do not re-act on the system. One is a gentic laxative.
